1. INTRODUCTION

This document aims at providing a selected set of good practices of Work-based learning (WBL) tools for teachers, trainers and tutors on the topic guidance and skills needs suggested and identified by the Italian REFRAME project staff of the lead and project partners. The proposed WBL tools of this document are the project outputs and results of selected projects carried out from a range of stakeholders of the European and national education sectors awarded as good practices and sourced from the two following European platforms: Erasmus + Project Results Platform and NetWBL - Network "Work-based learning and Apprenticeships". The content of this document is framed according the following keywords and practical & reusable resources for practitioners: guides; train the trainers and training programmes; handbooks, manuals and other training tools.

2. NetWBL - Network "Work-based Learning and Apprenticeships"

- The WBL TOOLKIT

The Work-based Learning TOOLKIT is the first web platform which allows users to create, collaborate and share knowledge on work-based learning issues. It's a new way to network online with the WBL community. Learn about WBL, discover tools for developing WBL, test this new toolkit under www.wbl-toolkit.eu. The toolkit was delivered by NetWBL is a network of 29 European national agencies, coordinated by the German National Agency at BIBB.

Compendia with descriptions of more than 200 Projects working in the area of WBL are results of the three European Monitoring Conferences.

- Compendium of the 1st European Monitoring conference in Brussels (PDF, 2,4 MB)
- Compendium of the 2nd European Monitoring conference in Vilnius (PDF, 1 MB)
- Compendium of the 3rd European Monitoring conference in Berlin (PDF, 1 MB)
